

**EEPC India invites participation for  
India Pavilion at SUBCON 2015  
Birmingham, United Kingdom (2 – 4 June, 2015)**

***Participate through EEPC India in the largest subcontracting exhibition  
in the United Kingdom and  
enjoy substantial savings!***

#### **About the Exhibition**

The Subcon Show is the UK's only international show dedicated to subcontracting. It covers everything from machining, electronic assemblies, plastic moulding and metal fabrications through to rapid prototyping, design & build and full manufacturing services that supply finished products and assemblies from scratch.

Subcon is one of the most successful shows in recent years, with growth of 20% and attracting over 300 suppliers. Subcon is the UK's only national exhibition dedicated to contract and subcontract manufacturing, and is a key platform for the best of all outsourced engineering services. For the first time in 2015, Subcon, The Advanced Manufacturing Show and The Engineer Design & Innovation Show will be coming together to deliver a compelling platform for the manufacturing industry.

The three shows will offer a complete manufacturing solution, with the entire product development chain under one roof – from product design, prototyping & development, to contract and subcontract products and services, as well as machine tools, systems and equipment - allowing decision makers across the industry to find the very best solutions to effectively meet all objectives and budgets.

EEPC INDIA is organizing an India Pavilion at Subcon 2015 which would provide an excellent opportunity for business relationships with customers from all over the world.

#### **Product Profile**

- Turning, Machining and Milling
- Castings and Forgings
- Metal Forming, Pressings and Spinning
