# REPORT OF THE WORKING COMMITTEE

## To the Members of EEPC India

Your Committee is pleased to present its 66th Annual Report for the financial year ended 31st March 2021 together with the Audited Financial Statement of Accounts and the Auditor's Report for the said period. Your Committee gratefully acknowledges the encouragement, co-operation and support extended by the Members throughout the year. In order to maintain transparency, transactions of major financial impact were discussed in the working committee meetings from time to time.

## Membership

The Membership Strength in the Council as on 31.03.2020 was 11279 and as on 31.03.2021 was 9883.

The details are as under:-

	As on 31.03.2021	As on 31.03.2020
Ordinary Members	2874	3537
Associate Members	6975	7694
Nominated & Affiliated Members	34	48
Total:	<u>9883</u>	<u>11279</u>

## Financial Status

### Summary of Income & Expenditure Account

	2020-2021	2019-2020
Income from Members' & Other Income	238,852,819	395,981,718
Grant – in – Aid from Govt. of India	2,279,310	244,085,890
Interest	36,104,420	19,921,732
Total Income	<u>277,236,549</u>	<u>659,989,340</u>
Total Expenses	275,908,342	652,573,828
Surplus / (Deficit) for the year	<u>1,328,207</u>	<u>7,415,512</u>

## **Dividend**

The Council is registered under section 8 of the Companies Act, 2013 as not for profit entity. Hence, no dividend can be declared by the Council.

## **Material Changes and Commitments**

No material changes and commitments affecting the financial position of the Council occurred between the end of the financial year to which this financial statement relates and the date of this report.

## **Conservation of Energy, Technology Absorption, Foreign Exchange Earnings & Outgo**

### **1. Conservation of Energy, Technology Absorption**

The particulars as required under the provision of Section 134(3)(m) of the Companies Act, 2013 in respect of conservation of energy and technology absorption have not been furnished considering the nature of activities undertaken by the Council during the year under review.

### **2. Foreign Exchange Earnings and Outgo**

During the financial year 2020-21, the foreign exchange earnings of the Council amounted to Re. 0 as against Rs. 11749925/- in the previous year. The expenditure in foreign exchange during the financial year was Rs. 3058314/- as compared to Rs. 28311062/- in the previous year.

## **Loan, Guarantees or Investments**

Particulars of loans given, investment made, guarantees given, if any, and the purpose for which the loan or guarantee and investment is proposed to be utilised are provided in the standalone financial statement in note nos 2.7 & 2.12.

## **Extract of Annual Return**

In accordance with Section 134(3)(a) of the Companies Act, 2013 read with Rule 12 of the Companies (Management and Administration) Rules, 2014, an extract of the Annual Return for the financial year ended 31st March, 2021 in Form MGT-9 is appended as **Annexure-1** to the Working Committee Report.

## **Internal Financial Control and Its Adequacy**

The Council has a proper and adequate internal control system commensurate with its nature of activities and meets the following objectives:

- providing assurance regarding the effectiveness and efficiency of operations;
- efficient use and safeguarding of resources;
- compliance with policies, procedures and applicable laws and regulations; and
- transactions being accurately recorded and promptly reported.

The members of the Working Committee regularly review the adequacy of internal control system.

## **Corporate Social Responsibility (CSR)**

Provisions relating to CSR, as contained in section 135 of Companies Act 2013, were not applicable to the Council for the current financial year.

### **Committee Responsibility Statement**

As stipulated in section 134(3)(c) of the Companies Act, 2013, your Committee subscribes to the “Committee Responsibility Statement” and confirms as under:

- 1) That in the preparation of the Annual Accounts for the financial year ended March 31, 2021, the applicable accounting standards have been followed and there are no material departures;
- 2) That for preparing financial statements, the Committee has selected such accounting policies and made such judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Council at the end of the financial year;
- 3) That the Committee has taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Council and for preventing and detecting fraud and other irregularities;
- 4) That the Committee has prepared the Annual Accounts of the Council on a going concern basis;
- 5) That the Committee has laid down internal financial controls to be followed by the Council and such internal financial controls are adequate and were operating effectively; and
- 6) That the Committee has devised proper systems to ensure proper compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

### **Auditors and Auditors' Report**

#### **Statutory Auditors**

Under Section 139 of the Companies Act, 2013 and the Rules made thereunder, it is mandatory to rotate the statutory auditors on completion of the maximum term permitted under the provisions of Companies Act, 2013. In line with the requirements of the Companies Act, 2013, M/s. Ranjit Jain & Co., Chartered Accountants, as the statutory auditors of the Council for a period five consecutive years from the conclusion of the ensuing 64th AGM till the conclusion of the 69th AGM to be held in the year 2024. The requirement for the annual ratification of auditors' appointment at the AGM has been omitted pursuant to Companies (Amendment) Act, 2017 notified on May 7, 2018.

During the year, the statutory auditors have confirmed that they satisfy the independence criteria required under the Companies Act, 2013 and Code of ethics issued by the Institute of Chartered Accountants of India.

#### **Committee's comment on the Auditors' Report**

The observations of the Statutory Auditors, when read together with the relevant notes to the accounts and accounting policies are self-explanatory. There are no qualification, reservation or adverse remark or disclaimer made by the said auditors in their report.

#### **Cost Records and Cost Audit**

Maintenance of cost records and requirement of cost audit as prescribed under the provisions of section 148(1) of the Companies Act, 2013 are not applicable for the activities carried out by the Council.

#### **Number of meetings of the Working Committee**

During the year, the Council held four Working Committee Meetings on 3rd July 2020, 24th August, 2020, 4th December, 2020 and 24th March, 2021 respectively. The necessary quorum was present for all the meetings. The intervening gap between any two meetings was within the period prescribed by the Companies Act, 2013.

### **Significant and Material Orders, if any**

During the year, there were no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and the Council's operation in future.

### **Reporting of Frauds by Auditors**

During the year under review, the Auditors had not reported to the Working Committee any matter under section 143(12) of the Companies Act, 2013, any instances of fraud committed against the Company by its officers or employees, the details of which would need to be mentioned in the Report of Working Committee [ i.e. the Board].

### **Prevention of Sexual Harassment at Workplace**

As per requirement of The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 and Rules made thereunder, your Council has constituted Internal Complaints Committee (ICC). During the year, No complaints were received by the Council.

### **Compliance with Secretarial Standards**

The Council is in compliance with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India and approved by the Central Government under section 118(10) of the Act.

### **Particulars of Employees**

There was no employee of the council who received remuneration in excess of the limit prescribed under section 197 of the Companies Act, 1956 read with Rule 5 of the Companies (Appointment and Remuneration) Rules, 2014.

### **Global Health Pandemic from COVID-19**

The World Health Organization has declared Novel Coronavirus disease (COVID-19) to be a global pandemic. In enforcing social distancing to contain the spread of this disease, our offices all over India have been operating with minimal staff by shifting our focus from physical mode to virtual mode, wherever feasible, for carrying out our various export promotional activities. In keeping with its employee-safety first approach, the Company quickly instituted measures for their well-being. Our teams reacted with speed and efficiency, and quickly leveraged technology to shift the workforce to an entirely new 'work-from-home' model. Proactive preparations were done in our work locations during this transition to ensure our offices and technology centers were safe. Policy changes related to working from home and IT infrastructure support were rolled out overnight to help our employees shift to this new work paradigm. Continuous communication on the latest updates played a key role in enabling our employees to stay on top of the evolving situation.

There are still many unknowns today and hence, the near-term outlook is extremely uncertain. We stand united with the nation in the fight against COVID-19 as we navigate our way through these uncertain times together. Our focus remains on safety of our people, taking necessary steps to protect and promote exports of engineering products from the country. Despite the near-term ambiguity, we remain confident of the medium to long-term growth prospects of the Engineering sector. We are working closely with Governments to ensure that we overcome this global health crisis together.

As a responsible member of the communities that it operates in, EEPC India has contributed to various COVID-19 relief and monitoring programs in India. Contributions made here will be channelized through suitable government agencies.

The Company's focus on liquidity, supported by a strong balance sheet and acceleration in cost optimization initiatives, would help in navigating any near-term challenges in the present economic environment.

## Green Initiatives

Electronic copies of the Annual Report 2020-21 and Notice of the 66th Annual General Meeting are sent to all the members to that email ID registered with EEPC India. The Physical copies of the aforesaid documents will also be available at all the offices of EEPC India for inspection during normal business hours on working days. Also, the printed copies of the same will be made available on specific requisition.

## Appreciations and Acknowledgements

We are grateful to the members for their co-operation, fruitful suggestions and guidance from time to time.

We also thank the Government of India, particularly the Ministry of Commerce, the Ministry of Finance, the Ministry of Corporate Affairs, the Income Tax Department, the Reserve Bank of India and other government agencies for their support, and look forward to their continued support in the future.

On behalf of the Working Committee

Sd/-

**Mahesh Kantilal Desai**

Chairman

The Working Committee of EEPC India has the pleasure in presenting its report on the activities of the Council for the year ended 31st March, 2020.

## EXPORT PERFORMANCE

The Working Committee of EEPC INDIA has the pleasure in presenting its report on the activities of EEPC India for the year ended 31st March, 2021.

### A. OVERALL EXPORTS DOWN BY 7.08% DURING APRIL-MARCH 2021

Based on the provisional data published by DGCI&S Cumulative value of exports for the period April-March 2020-21 was US\$ 291163.54 Million (Rs.2154339.24 Crore) as against US\$ 313361.04 Million (Rs.2219854.18 Crore) registering a negative growth of 7.08 per cent in Dollar terms and 2.95 per cent in Rupee terms over the same period last year.

### B. PERFORMANCE OF ENGINEERING SECTOR IN FY 2020-21

According to the provisional data available from DGCI&S up to March 2021, India's export of engineering goods have registered a negative growth of 2.95% in US\$ mln during the financial year 2020-21 in comparison to the same period in the previous fiscal. The provisional data indicates the exports of engineering goods from India have reached 73119.6 US\$ mln up to March 2021 in comparison to 75344.41 US\$ mln in the previous fiscal.

In rupee terms India's export of engineering goods are valued at Rs. 543174.06 Crores during April-March 2020-21 which is 1.64% higher than Rs. 534370.43 Crores during April-March 2019-20.

The engineering sector appears to retain its share around 25.11% in overall export from the country, which is maximum in terms of sectoral contribution.

### C. PERFORMANCE COMMODITY-WISE

**What's  :** and **What's  in March**

In Comparison to cumulative export performance in April-March 2019-20

**What's up :** Copper and products made of Copper, Iron and Steel, Zinc and products made of Zinc, Aluminium and products made of Aluminium, other Non-Ferrous Metals and their products.

**What's down:** Other Construction Machine, Cranes, Lifts and Winches, Aircrafts, Spacecrafts and Parts, Electrodes, Accumulators and Batteries, Office Equipments, Air-condition and Refrigeration Machinery and Parts, Industrial Furnaces, Water Heaters and Centrifuges and Compressor, Nuclear Reactors, Industrial Boilers and Parts, Motor Vehicle/Cars, Prime Mica and Mica Products, Nickel and products made of Nickel, Railway Transport and Parts.

### Export Performance of Principal Commodities: For April 2020 - March 2021

(Figures in US\$ million prov.)

PANEL	Cumulative Exports 2019 - 20	Cumulative Exports 2020 - 21	Growth %
Copper and products made of Copper	918.97	1438.91	56.58
Iron and Steel	9261.03	12102.30	30.68
Zinc and products made of Zinc	569.07	742.39	30.46
Aluminium and products made of Aluminium	5114.68	5788.97	13.18
Other Non Ferrous Metals and their products	546.32	570.55	4.44
Other Misc. Items	2794.80	2867.29	2.59
Tin and products made of Tin	9.80	9.88	0.73
Ships, Boats and Floating Structures	4558.20	4508.89	-1.08
Medical and Scientific Instruments	1768.47	1717.63	-2.87
IC Engines and Parts	2555.71	2481.24	-2.91
Two and Three Wheelers	2110.71	2041.49	-3.28
Machine Tools	428.79	414.16	-3.41
Accumulator and Battery	410.97	395.51	-3.76
Industrial Machinery for dairy, agriculture, food processing, textiles, paper, chemicals, etc	4964.90	4701.37	-5.31
Hand Tools, Cutting Tools and Implements made of Metals	752.52	712.13	-5.37
Lead and products made of Lead	372.06	348.20	-6.41
Products of Iron and Steel	7005.63	6526.54	-6.84
Auto Components/Parts	5304.82	4931.89	7.03
Pumps of all types	959.07	879.79	-8.27
Bicycle and Parts	384.17	348.10	-9.39

PANEL	Cumulative Exports 2019 - 20	Cumulative Exports 2020 - 21	Growth %
Machinery for ATMs, Injecting Moulding Machinery, Valves, etc	1760.58	1591.20	-9.62
Electric Machinery and Equipment	8962.78	8100.41	-9.62
Other Construction Machinery	1407.00	1244.54	-11.55
Cranes, Lifts and Winches	566.49	476.19	-15.94
Aircrafts, Spacecrafts and Parts	1424.23	1158.94	-18.63
Electrodes, Accumulators and Batteries	55.21	43.35	-21.48
Office Equipments	177.40	138.55	-21.90
Air Condition and Refrigeration Machinery and Parts, Industrial Furnaces, Water heaters and Centrifuges and Compressor	1383.09	1065.76	-22.94
Nuclear Reactors, Industrial Boilers and Parts	816.07	559.93	-31.39
Motor Vehicle/cars	7623.83	5011.28	-34.27
Prime Mica and Mica Products	39.32	24.15	-38.58
Nickel and products made of Nickel	98.73	58.58	-40.67
Railway Transport and Parts	238.98	119.51	-49.99
<b>Total</b>	<b>75344.41</b>	<b>73119.60</b>	<b>-2.95</b>

## PROMOTIONAL ACTIVITIES

---

2020 has been a year of changes christened as the New Normal. The New Normal gave birth to a New India with the grit and commitment shown by our manufacturers aided by Government of India's well planned comprehensive strategies of export promotion and import substitution which started with 'Make in India' program in 2014 and culminated at the 'AatmaNirbhar Bharat Abhiyan' in 2020.

EEPC India had made a continuous effort to keep the business momentum alive and organised 215 webinars, 6 Virtual Expos and over 100 e BSMs associating with over 33 Indian Missions abroad USA, UAE, Germany, Vietnam, France, Oman, South Korea, Russia, Peru, Senegal, Mozambique, Botswana, Thailand, Guatemala, Honduras, El Salvador, Kuwait, South Africa, Uzbekistan, Brazil, Canada, Mexico, Qatar, Kenya, Uganda, Nigeria, Tanzania, Switzerland, Sri Lanka, Ethiopia, EU, Vietnam, Cameroon.

Our department did not print any publications. The contents were only updated in all. We retained the same cover in some places.

### **An elaboration:**

#### **Regular Publications**

##### **Monthly:**

##### ***Indian Engineering Exports - (ie<sup>2</sup>)***

EEPC INDIA has been publishing a 76 -96 page coloured monthly magazine *Indian Engineering Exports* which has both domestic and overseas circulation of over 13,000 copies covering Bureaucrats, Diplomats in India, Indian Embassies Abroad, Bankers, Trade Associations and overseas events. International and Special Editions on various countries and events are published with deliberations on event specific sectors along with detailed country report wherever and whenever the events are being held so that the focus report acted as a prelude to the event and as a ready reckoner for the participants. A special column on Technological Upgradation in Engineering Sector in India by Experts from different reputed Educational Institutions and R & D Organisations have added a different dimension to the magazine. There are also specialised economic policy oriented columns by Financial Experts and monthly detailed engineering export analysis by our in house Policy Team.

This magazine used to get displayed in International events and also at important domestic events at State Levels. During Pandemic, we have switched to PDF and Digital mode which has widened the reach of this magazine to close to a Lac readership covering all our six social media handles and the usual readership .

This year we made special editions on Subcontracting, Virtual Expos, India –US Deal, Smart Manufacturing, Corona Impact on Machine Tools and Repurposing Medical Device, Indian Railways and Defence.

Sr No	Month	Vol and Issue	Cover theme	Country /City covered
1	April	Vol 13 and Issue 1	Corona Impact and Machine tools product and Country Poland + Russia	Poland and Russia
2	May	Vol 13 and Issue 2	COVID -19 -Repurposing Manufacturing for producing Medical Devices	
3	June	Vol 13 and Issue 3	COVID -19 -Challenges for India's economy	
4	July	Vol 13 and Issue 4	Virtual Exhibition	East Africa- 5 countries
5	August	Vol 13 and Issue 5	Subcontracting - India Subcontracting Expo 2020 -Sept 29 -Oct 2,2020	EU & UK
6	September	Volume 13 and Issue 6	India -US Mini Trade Deal	
7	October	Volume 13 and Issue 7	Smart Manufacturing -Need of the hour	
8	November	Volume 13 and Issues 8 & 9	Pacific Alliance holds out hope	
9	December			
10	January	Volume 13 and Issue 10	Indian Railways	
11	February	Volume 13 and Issue 11	Subcontracting Expo - spotlight on North America	
12	March	Volume 13 Issue 12	Indian Defence	

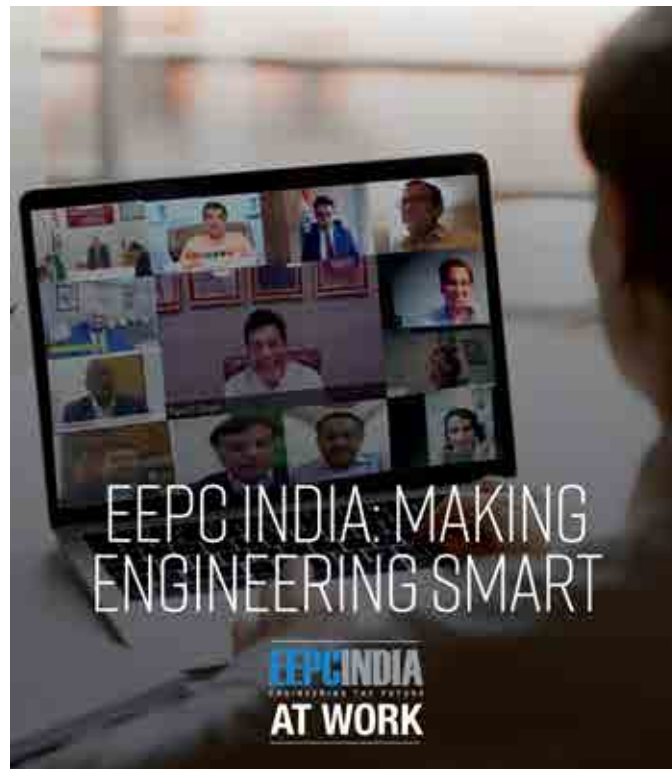

## Generic for EEPC India Branding

### EEPC INDIA at Work

This booklet this year provides information on the webinars and virtual interactions on various themes we have done round the year to enable the exporters keep the business momentum active and alive

- The key events included the 200 webinars including two major ones - Indian Railways Sourcing Week - 10-12 February 2021 & India MSME Defence Week -23-26 March 2021
- Virtual Expos-India Pumps & Valves Expo 2021, Medical Devices Expo 2021, Access Middle East Virtual BSM, FarmMech 2020 & 2021 & India Subcontracting Expo 2020 & 2021
- Silver, Golden and Diamond Jubilee celebrations
- Golden Jubilee of National Awards
- Technology Centre opened in Bengaluru and Kolkata and the services that the current and future centres would offer
- 13 Chapters in 13 States which were opened during the year May 2019 onwards .
- Important Publications
- EEPC India Milestones

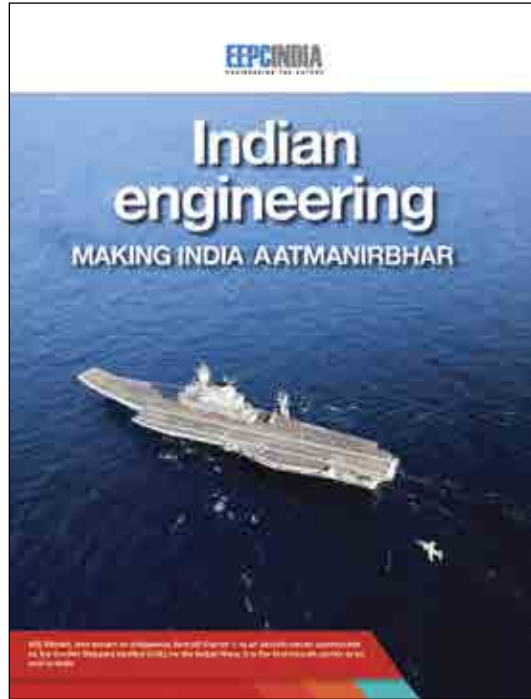

**Indian Engineering Booklet**

This hand out was also changed with AatmaNirbhar Bharat as the theme. It showcases the top performing sectors including Coal, Steel, Electric Machinery, Two Wheelers, Automotive Market, MSME units, Machine Tools, Casting, Engineering R&D and movement to Automation as Industry 4.0. India’s over all Engineering export performance is also narrated.

2021 version has the theme – Making India Aatmanirbhar

**Calendar**

The wheel as a concept dates back to Palaeolithic Age. We have different forms depending on the usage and the requirement created by habits and habitats. 12 different adaptations have been pictorially elucidated in the electronic calendar

The calendar was well received by the members and non members

### Doing Business in India 2021

Doing Business in India series is done with the sole purpose to provide a ready reckoner to the probable Investors in India. It provides an overall update on India covering the key areas including, Taxation, FDI rules and Limits, SEZ policy at the backdrop of Macroeconomic changes. The engineering Export sector along with the latest achievements and updates are also detailed. This series is being updated in 2021.

### Event Specific Designs of 215 webinars

Webinar no	Date	EEPC India Office /Non EEPC Partner	Topic and Guest Speakers
1	8-Apr-20	NR	<b>Webinar- on -‘How do we prepare post lockdown &amp; prepare for future – biz strategy for supply chain &amp; logistics</b> Key Guest Speakers- • Mr.Ashok Advani, Faculty, Indian Institute of Foreign Trade, New Delhi & Jaipuria Institute of Management, Noida • Mr. A.V. Vijaykumar, Chairman, Federation of Freight Forwarders’ Associations in India (FFFAI), Chennai
2	15-Apr-20	NR	<b>On line Training session on 'Managing Risks in Foreign Trade Supply Chain in VUCA Times (Covid-19)'</b> Guest Speaker- Dr Ram Singh, Professor & Head (Training/MDP), IIFT, New Delhi
3	17-Apr-20	NR	<b>Webinar on Recent Amendment in GST-Relief to Tax payers</b> Guest Speaker- CA Mr Rajesh Kumar Khandelwal
4	19-Apr-20	WR	<b>Overview of latest Notifications, Circulars, Rules of DGFT, Customs, GST for Exporters &amp; Importers</b> Guest Speaker- Mr Mihir Shah, Expert Consultant

Webinar no	Date	EEPC India Office /Non EEPC Partner	Topic and Guest Speakers
5	20-Apr-20	HO	<b>Business Planning over #COVID19 Lockdown</b> Eminent Guest Speaker - Mr Sudhir Gurtoo, MD & CEO, Leadac India & President's Award Winner

**INDIA-RUSSIA WEBINAR ON MEDICAL DEVICES SECTOR: CHALLENGES & EMERGING OPPORTUNITIES IN THE MIDST OF COVID 19**

29th AUG 2020  
14:00 HRS IST

**ADVANTAGE =RUSSIA=**

**Key Discussion Points:**

- Post COVID-19 challenges & opportunities for Medical Device sector & how to build Deep Trade and Investment ties between India and Russia
- Key Market Areas like -Oncology, Diagnostics, Respirators & Respiratory Support
- Regulatory and business models in India and Russian comparison

**Speakers:**

- Dr. Anand K. Singh, Director General, Ministry of Health, Government of India
- Dr. Rajesh Kumar, Director General, Ministry of Health, Government of India
- Dr. Anand K. Singh, Director General, Ministry of Health, Government of India
- Dr. Anand K. Singh, Director General, Ministry of Health, Government of India

**Registration Fee:** Free

**OCCUPATIONAL HEALTH & INDUSTRIAL HYGIENE COVID-19 IMPACT & THE WAY FORWARD**

29th AUG 2020  
14:00 HRS IST

**Objectives of the Session:**

- Organizational Safety, Health and Hygiene Management Post COVID-19 Impact and the way forward
- Advanced tools and techniques OHS and Hygiene Management
- Identification of latest technologies in the area of Occupational Health and Industrial Hygiene
- Successful case studies on implementation by ISE's Joint India Ltd. & Accel Solutions Ltd.

**Speakers:**

- Dr. D.D. Krishna, Professor, Centre of Excellence in Safety Engineering and Research (CoE-SER) and Department of Industrial and Systems Engineering, IIT Madras
- Prof. J. Mani, Chairman, Centre of Excellence in Safety Engineering and Research (CoE-SER) and Department of Industrial and Systems Engineering, IIT Madras
- Dr. Mahesh Desai, Chairman, ISE India

**Hosted by:** Dr. Mahesh Desai, Chairman, ISE India

**FICo AND EEPC INDIA ARE ORGANIZING A WEBINAR WITH MR. VINIT KUMAR, CHAIRMAN, KOLKATA PORT TRUST AS PER DETAILS GIVEN BELOW:**

**MAY 12, 2020 | 5:00 P.M. - 4:00 P.M.**

**Speakers:**

- Mr. Vinit Kumar, Chairman, Kolkata Port Trust
- Mr. Anand K. Singh, Director General, Ministry of Health, Government of India
- Mr. Rajesh Kumar, Director General, Ministry of Health, Government of India
- Mr. Anand K. Singh, Director General, Ministry of Health, Government of India
- Mr. Anand K. Singh, Director General, Ministry of Health, Government of India

**Registration Fee:** Free

**Link Given Below**

**Doing Business with Nigeria**

08th AUGUST 2020, TIME: 09:00 IST

**Speakers:**

- Dr. Mahesh Desai, Chairman, ISE India
- Dr. S. S. Shrivastava, High Commissioner of India in Nigeria
- Dr. S. S. Shrivastava, High Commissioner of India in Nigeria
- Dr. S. S. Shrivastava, High Commissioner of India in Nigeria

**Points of Discussion:**

- Opportunities and challenges post COVID-19 pandemic
- Existing and future opportunities of trade and investment in the engineering sector between India and Nigeria
- Issues related to tariffs, taxes and regulations
- Scope of joint ventures, collaborations, partnerships and knowledge sharing between India and Nigerian Companies

**Registration Fee:** Free

### Yearly Publications

EEPC INDIA published its 65th Annual Report for the year 2019-20 in English along with a Hindi version

### The major events - Virtual Expos and Webinar Series :

1. India Subcontracting Expo 2020
2. India Subcontracting Expo 2021
3. FarmMech 2020
4. FarmMech 2021
5. Indian Railways Sourcing Week 2021
6. India MSME Defence Week 2021
7. Medical Devices Expo 2021
8. India Pumps and Valves Expo 2021

## Virtual Expos and Mega Webinar Series

### The Webinar Series

#### Indian Railways Sourcing Week (10-12 February 2021)

A Marathon of 6 webinars over 3 days . Indian Railways and Department of Commerce also supported the event and Haryana Government was the Partner State. The show was inaugurated by Dr Srikar K Reddy, Joint Secretary, Department of Commerce, Government of India and Mr Talleen Kumar, CEO, GeM (Government e-marketplace)

The participating organisations included :

Name of the event:	Indian Railways Sourcing Week
Date of the event:	10 - 12 February, 2021
Theme:	Domestic Railway Manufacturing & Integration of Indian MSME units in the Supply Chain
Number of Indian companies participating at the event:	Over 350 MSME units
Supporting ministries & departments:	<ul style="list-style-type: none"> <li>• Ministry of Commerce &amp; Industry</li> <li>• Ministry of Railways</li> </ul>
Partner State:	Government of Haryana
Key highlights of the event:	<ul style="list-style-type: none"> <li>• 3 days, 6 sessions, over 20 speakers</li> <li>• Opportunities for MSMEs in Public Private Partnership model</li> <li>• Expansion plans of Indian Railways - National Rail Plan 2030</li> <li>• Procurement policies &amp; Vendor registration &amp; procedures for MSMEs</li> <li>• Emerging opportunities in Supply Chain in Railway equipment's manufacturing</li> <li>• Opportunities for MSMEs in collaboration with Global MNCs</li> <li>• Technology Transfer &amp; Collaboration Opportunities</li> </ul>
Thematic sessions:	<ul style="list-style-type: none"> <li>• Indian Railways: Building AatmaNirbhar Bharat in Indian Railways through PPP Model</li> <li>• Sourcing and Vendor Development Opportunities in Locomotive Manufacturing</li> <li>• Sourcing and Vendor Development Opportunities in Indian Rail Coaches, Wheel and Equipment Manufacturing</li> <li>• Sourcing Opportunities in Indian Rail Infrastructure</li> </ul>

Key Speakers from:		Government e-Marketplace (GeM)
		Goldenrock Workshop (GRW) Banaras Locomotive Works, Varanasi (BLW) Central Organisation for Modernisation of Workshops (COFMOW) Central Organisation for Railway Electrification (CORE) Research Design and Standards Organisation (RDSO) Rail Coach Factory, Kapurthala (RCF) Rail Wheel Factory (RWF)
		Dedicated Freight Corridor Corporation of India (DFCCIL)
		IRCON International Limited (IRCON)
		Rail Land Development Authority (RLDA)
		Indian Railway Stations Development Corporation (IRSDC)
		BEML Ltd. (Erstwhile Bharat Earth Movers Limited)
		Titagarh Wagons
		Wabtec Corporation

**INDIAN RAILWAYS SOURCING WEEK**  
ON VIRTUAL PLATFORM  
10-11-12 February 2021

Join India's leading sourcing and vendor development platform for Indian Railways

Indian Railways joins up to Mission Atmanirbhar Bharat and Indian Railways aims to promote transparent procurement, increase the participation of local vendors and open up the market to railway units of remote areas and specially MSMEs.

**Mr. Piyush Goyal**  
Hon'ble Minister of Railways  
Minister of Commerce and Industry,  
Minister of Consumer Affairs, Food and Public Distribution,  
Government of India

**Over 30 speakers & presentations invited from**

Government of India	Railway Divisions, Divisions, PPs & S&P Stations	Private Sector
<ul style="list-style-type: none"> <li>Ministry of Railways</li> <li>Railway Enquiry</li> <li>MSI Enquiry</li> <li>Ministry of Commerce &amp; Industry</li> </ul>	<ul style="list-style-type: none"> <li>Locomotive Manufacturing Units</li> <li>Rolling Stock, Coaches &amp; Railway Motor Manufacturers &amp; Suppliers</li> </ul>	<ul style="list-style-type: none"> <li>Private parties in Railway Manufacturing Sector</li> <li>Global Indian in Railway Manufacturing Sector</li> </ul>

MSMEs are not only under scrutiny of Commerce & Industry Department in India, but also participation in Indian Railway Sourcing Week. The platform aims to promote transparency, integrity, and fair play to create opportunities for the Indian MSME sector in the supply chain, sourcing and vendor development in the Indian Railway Sector.

**Target Sectors**  
(Locomotive Manufacturing) Rail Coaches, Wagon, Rolling Stock, Tracks and Equipment | Infrastructure, Station, Signaling & Telecom | Project Engineering | Renewable & Green Energy | Electromobility | Innovation & Technologies

**About Indian Railways**

- Second largest railway network in the world with a length of over 65,000 km
- Largest passenger carrying and second largest commercial entity, which handles a share of 30% global GDP.
- World's largest freight carrying (1) and second largest (2) network.
- Provides over 11 million jobs and provides opportunities for 200,000 more annually.

**Why Indian Railways is a major sourcing opportunity for MSMEs?**

- The conversion of rail network that depends entirely on only 2 types of train speed 100 km/hr & high speed network at 350 km/hr for green field projects has already begun.
- Seven high speed rail corridors are planned under PPP mode.
- The entire network is planned to be electrified by 2020.
- 50 key routes under study to introduce private trains.
- 10 stations have been selected for redevelopment as world class transit hubs.
- The Dedicated Freight Corridor (DFC) of total 8054 km, is one of the largest railway infrastructure projects undertaken by the government in its overall cost of Rs 6,400 crore (USD 3.24 billion).
- Railway plans to develop station infrastructure & introduce electronic signaling by investing approx. USD 9.8 billion, to enable automation in signaling & improve frequency.

According to the Railway Board, the stations that New India is likely to be released soon (year 2024) in part of the Rail Plan 2023, which will be taking care of the infrastructure that needs to be developed by 2025, end of 6th year requirements for 2025.

**3 Days Program**

Day 1: 10 Feb	Day 2: 11 Feb	Day 3: 12 Feb
<p><b>Session I: 8 AM</b> Welcome Session - Indian Railway Sourcing Week</p> <p><b>Session II: 10 AM</b> Welcome address by Hon'ble Minister of Railways and Hon'ble Minister of Commerce &amp; Industry, Government of India</p> <p><b>Session III: 11 AM</b> Welcome address by Hon'ble Minister of Railways, Government of India</p>	<p><b>Session IV: 8 AM</b> Sourcing and Vendor development opportunities in locomotive manufacturing invited presentations from ICF, WAG, EOL, S&amp;P, etc.</p> <p><b>Session V: 10 AM</b> Sourcing and Vendor development opportunities in rolling stock, coaches, wheel and axle, and railway manufacturing invited presentations from ICF, WAG, EOL, S&amp;P, etc.</p>	<p><b>Session VI: 8 AM</b> Sourcing opportunities in Indian Rail infrastructure invited presentations from ICF, WAG, EOL, S&amp;P, etc.</p> <p><b>Session VII: 10 AM</b> Make in India Manufacturing (opportunities in Indian Railway) invited presentations from ICF, WAG, EOL, S&amp;P, etc.</p>

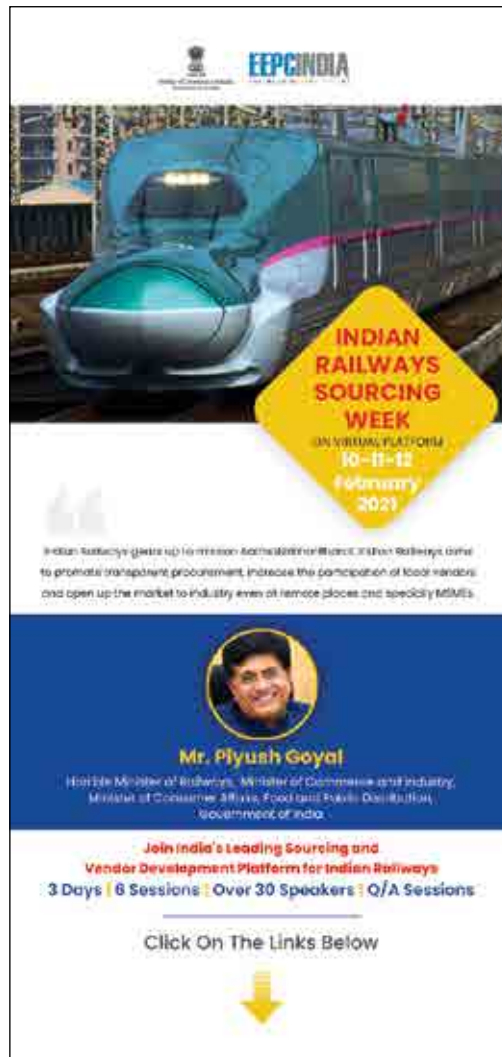

**Theme for Focus:**

- Opportunities for MSMEs in Public Private Partnership (PPP) model
- Expansion plans of Indian Railways - beyond Rail Plan 2020
- Procurement policies & vendor registration & procedures for MSMEs
- Emerging opportunities in supply chain in railway equipment manufacturing
- Opportunities for MSMEs in collaboration with Global MSMEs
- Technology transfer & collaboration opportunities

## Virtual Expos and BSMs

The Covid19 pandemic and the consequent travel and other restrictions on mobility worldwide have adversely impacted global trade. India's engineering community, including exporters, has likewise been hit hard. To counter this situation EEPC India has organized a series of virtual exhibitions to help the exporting community in connecting with global buyers. The details of virtual exhibitions organised by EEPC India are as follows:

### India Pumps & Valves Expo 2021 ( 29 March – 10 April, 2021)

EEPC India organized the first edition of Virtual Expo on Pumps and Valves 2021. The event focussed on buyers from Africa, ASEAN, LAC, Europe, SAARC, GCC. Pumps & Valves and their parts; Compressors; Pipes, Tubes and Fittings were the prime product verticals. Messages from Mr Som Parkash, Hon'ble Minister of State, Ministry of Commerce and Industry, Government of India and Dr Srikar K Reddy, Joint Secretary, Department of Commerce, Ministry of Commerce and Industry, Government of India were played at the Inauguration of the event. The 13 day event had 51 Exhibitors, over 400 Visitors, 4 Buyer Seller Meets with 4 nations.

Visitors/Buyers Mobilisation Flyer

### Medical Devices Expo 2021 (25 March – 10 April, 2021)

EEPC India organized the first edition of Virtual Expo on Medical Devices 2021 in association with Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India and AIMED (Association of Indian Medical Device Industry) as the Partner Association. The event focussed on buyers from Africa, ASEAN, CIS, LAC, North America, SAARC. Medgate Today Magazine, Medical Buyer and Medical Plastics Data Service were the media barterers. Medical Devices; Surgical & Laboratory Equipment and Healthcare Infrastructure and Supplies were covered under different product sub verticals. Ms Aparna, Secretary, Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers, Government of India inaugurated the expo over a live session on the March 25th. 48 Exhibitors and 312 Foreign Visitors partook at the event.

Visitors/Buyers Mobilisation Flyer

### India Subcontracting Expo (ISE) 2021 (9-12 March, 2021)

EEPC India organized the third edition of Virtual Expo ISE 2021, focusing on the buyers from 'World' and Special Focus on buyers from North America including U.S.A, Canada and Mexico. H.E. Mr Ajay Bisaria, High Commissioner of India to Canada, H.E. Mr Manpreet Vohra, Ambassador of India to Mexico, and Dr Srikar K Reddy, JS, Department of Commerce, Ministry of Commerce & Industry, Govt. of India were present during the inaugural session. 87 Indian Companies, 437 buyers from various countries partook .

Visitors/Buyers Mobilisation Flyer

**FarmMech 2020 (1st phase: 24 - 30 November, 2020 & 2nd phase: 8 – 10 February, 2021)**

EEPC India's first Agri Machinery and Farm Equipment virtual expo showcased the capability of the Indian agricultural machinery and pumps industry. The visitors and buyers were from North America, East Europe, EU, UK, Africa, ASEAN & SAARC. The state of Haryana participated as the partner state in the expo and AMMA-India was the supporting organisation. Inaugural messages were received from Mr. M Venkaiah Naidu, Hon'ble Vice President of India; Mr Som Parkash, Hon'ble Minister of State, Ministry of Commerce & Industry, Govt. of India; Mr P Rupala, Hon'ble Minister of State, Ministry of Agriculture & Farmers' Welfare, Govt. of India; and Dr Srikar K Reddy, JS, Department of Commerce, Ministry of Commerce & Industry, Govt. of India. 46 Indian Exhibitors, 250 B2B meetings were held in 2020 edition.

Web banner

### India Subcontracting Expo 2020 (27 - 30 October, 2020)

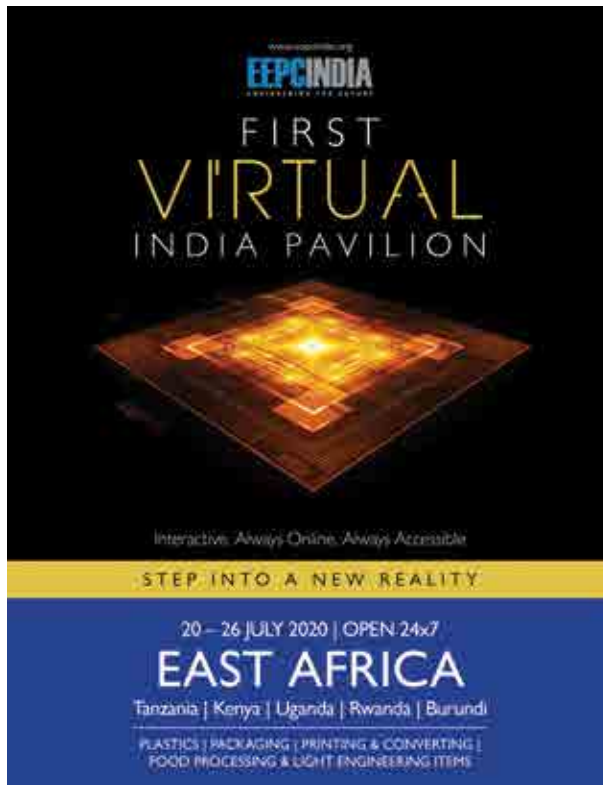

EEPC India's first Virtual Show, India Subcontracting Expo 2020 was an opportunity to capitalize on India's 'indigenous manufacturing strength' in the spirit of the mission of Aatmanirbhar Bharat. Special Focus of the expo was on the EU and UK. Tamil Nadu was the Partner State. Tamil Nadu Minister for Industries, Mr M.C. Sampath and Mr P. Benjamin, the state Minister for Rural Cottage and Small Industries were present at the time of inauguration along with Dr Srikar K Reddy, Joint Secretary, Ministry of Commerce and Industry, Government of India; EEPC India Chairman Mr. Mahesh Desai. 80 Indian participants, 280 buyers from various countries were present

Visitors/Buyers Mobilisation Flyer

**EEPC India Virtual India Pavilion in iSmart Expo – East Africa (31 August - 6 September, 2020)**

The first ever EEPC India Virtual India Pavilion organized in iSmart Expo – East Africa. The focus of the show was on the East African Region; comprising Tanzania, Uganda, Kenya, Rwanda & Burundi. The virtual show covered engineering sectors like, Plastics, Packaging, Printing & converting, Food Processing, Engineering services.

STEP INTO A NEW REALITY

**WHAT IS A VIRTUAL TRADE SHOW?**

Virtual trade shows are a fairly new phenomenon, so if you're still not adequately informed about how it works, you're not alone. But virtual events are increasingly being embraced by industries as a cost-effective and more efficient alternative to physical marketing activities.

Virtual trade shows are the online counterparts of physical trade shows, where exhibitors can connect with visitors in a virtual space and showcase their products through a virtual trade show software or platform. High-resolution 3D visuals are employed

to replicate the environment and format of a physical trade show. Exhibitors can have customized exhibition booths, and visitors can explore the surroundings, stopping by any booth and browsing its products.

Visitors can view product demos, videos, chat with booth representatives, flip through brochures, etc. Virtual trade shows provide a rich and engaging platform for real-time marketing and lead generation activities without the hassle that comes with physical events.

**WHY HAVE A VIRTUAL TRADE SHOW?**

- COST-EFFECTIVE**
- Great saving in travel costs, especially now during the pandemic;
  - Positive return on investment;
  - Free from logistical hassles.
- REACH NEW TARGET GROUPS**
- Digitization of the event means reaching whole new audiences;
  - Generate more valuable and serious enquiries.

- NO RESTRICTIONS**
- 24x7, any time of the day or night;
  - Space and distance are no longer restrictions;
  - Exhibitors can reach global audiences from a PC, from anywhere in the world.
- GO GREEN**
- A virtual event contributes to a cleaner ecosystem;
  - Exhibitors and visitors stay connected... just from their work desks.

## Buyer Seller Meet

More than 100 e-BSM were held with more than 33 Indian Overseas Missions. We are sharing one of them.

### Access Middle East Virtual BSM (1 - 2, December, 2020)

Access Middle East Virtual Buyer Seller Meet was jointly organized by EEPC India & Oman Expo with a focus on Oman, UAE, Qatar, Saudi Arabia, Kuwait, Bahrain and Iran. The virtual show covered product sectors like, Medical Devices, Lab & Scientific Instruments, Oil & Gas, Multiple Engineering Products, Subcontracting & Industrial Machinery. H.E. Mr M Mahawar, Ambassador, Embassy of India, Muscat, Mr Navneet Sehgal, Additional Chief Secretary (MSME & Export Promotion), Government of Uttar Pradesh; and Dr Srikar K Reddy, Joint Secretary, Department of Commerce, Ministry of Commerce & Industry, Govt. of India were present at the time of inauguration along with EEPC India Chairman Mr. Mahesh Desai, and Mr Arun K Garodia, Vice Chairman, EEPC India.

India MSME Defence Week (23 - 26 March, 2021)

**Medical Devices Expo (25 March – 10 April, 2021)**

**Medical Devices Expo 2021**  
25 March to 10 April 2021

**Purpose of the event (with anticipated outcomes)** The aim of the event was to promote medical devices, Hospital & Laboratory Equipment and Healthcare Infrastructure & Supplies companies from India, across various countries beyond the borders of India, with various Indian companies and institutions abroad. Due to the current Covid-19 pandemic which is causing disruption in logistics and participants in physical activities which happen to be major medical equipment countries like the US, Europe, EEPC India initiated the Virtual exhibition to assist the exhibitors and buyers to meet virtually and discuss business opportunities. The expected outcome was procurement of products from India, contacts and establishment of relations in medical sector.

**Objectives**

- To globally promote and showcase Medical Devices, Hospital equipment, Hospital Equipment & Supplies, Laboratory Equipment, Medical Imaging, Waste Management Plants and Equipment, Etc. India.
- To build direct interaction between Indian manufacturers/suppliers with foreign buyers from participating countries.
- To provide a direct opportunity to our manufacturers/suppliers to sell their products and also get a clear understanding of the exact requirements of the potential buyers.
- To create an interactive and efficient platform in recognition of global jobs and further enhance the image of "Brand India".

**Region/Countries Covered with special focus on Africa, ASEAN, SAARC, Latin America, CIS & Middle East.**

**Key development of the event** EEPC India's first virtual show for medical devices industry. The show intends to give more visibility to Medical Devices, Hospital & Laboratory Equipment and Healthcare Infrastructure & Supplies and to business across EEPC India, the present body and investment promotion organizations like Invested Medical Devices, Hospital & Laboratory Equipment and Healthcare Infrastructure & Supplies Expo on virtual platform with Global focus. The show is expected more than 900 exhibitors from over 25 countries like, US, Canada, Asia, ASEAN, SAARC, ANSA, UK, etc. to participate a few, show witnessed.

**Key virtual expo platform opportunities to**

- Online marketplace to assist India's leading suppliers who can help in meeting all your existing requirement of computer system, health making use of IT - dependent, medical devices etc.
- Support the latest activities and innovations.
- Support and build new business relationships with Indian manufacturing industry.
- Live chat, virtual networking.
- Attend interactive sessions.

**Results of Expo activities**

(i) Number of exhibitors/organizers: 900

(ii) Brief profile of exhibitors/organizers: Doctors, Chemists, Wholesale, Retailers & Importers of Medical Devices, Hospital & Laboratory Equipment and Healthcare Infrastructure & Supplies, Hospital equipment, etc., Accreditation agencies, etc.

(iii) Visitors/Attendees (in benefits): The first encounter step on each website of the exhibitors and visitors (Exhibitors/Attendees).

**Business generated:**

(i) No. of enquiries: 140

(ii) Orders booked: 75

**Remarks:** Many companies have pre-qualified the company website.

**Key take away** an expert potential of the country's products per industry feedback: Healthcare has become one of India's largest sectors, both in terms of revenue and employment. Multinational companies, hospitals, medical devices, clinical trials, manufacturing, pharmaceutical services, health systems and medical equipment. The Indian healthcare sector is growing at a fast pace due to its strengthening economic structure and increasing expenditure on public as well as private players. India's competitive advantage lies in its large pool of well-trained, technical professionals, India's diverse competitive landscape in its growth in both and Western countries. India ranks 141 among 177 countries in terms of quality and availability of healthcare.

The healthcare sector can increase its GDP to Rs. 6.5 million USD (USD 6 billion) by 2025.

2021 Indian medical equipment market is growing at 13% p.a. and is expected to reach USD 6 billion by 2025. There is a significant need for advanced healthcare services considering the healthcare spending as a percentage of Gross Domestic Product (GDP) is rising. The Government's expenditure on healthcare sector has grown to 1.9% of the GDP in FY2020 from 1.7% in FY19. Health insurance is gaining momentum in India. Some direct payments receive reimbursement by health insurance cover. ITDP's role in Rs. 11,87,84 crore USD (75 billion) in FY20.

(i) **Outcome analysis by Country:** Trade Buyer (including the achievement and trade benefits, orders etc.) EEPC India organized first event for medical devices industry. Overall it was a good event, the exhibitors were satisfied with the quality of visitors and institutions that took place during the event. Further strengthening, mostly bilateral in nature were also highlighted and are on waiting as them. Visiting companies were happy with the virtual meetings and the information about the products they got during the Expo. Though an on-site visit is essential, Virtual Exhibition, the show witnessed by the participants. We received good feedback from our visitors. Expenses covered almost their coverage and have meaningful show were.

### Covid 19 puts brakes on automobile, auto parts exports in May: EEPC India

Kolkata, Jun 20 (UNI) Covid-19 public health crisis has taken a massive toll on exports of India's automobiles in May, 2020 with as much annualised erosion as 98 per cent and 65 per cent in shipments to key markets like the US and Mexico respectively, according to an EEPC India analysis.

Exports of auto components too suffered a major setback in May, 2020 with key markets including the US, Mexico, Germany and Japan reporting de-growth ranging between 34 per cent and 68 per cent, year-on-year.

The total exports of auto components and parts recorded 65.5 per cent negative growth during May 2020, moving down from USD 473.6 million in May 2019 to USD 163.2 million in May this year.

## Rising metal prices, freight charges hurt many sectors

**SANGEETHA G**  
CHENNAI, NOV. 18

Rising metal prices and higher freight charges on imports are posing a new challenge for manufacturers and exporters.

Base metal prices as well as steel prices have seen significant upside of late in the commodity market.

Copper prices have moved up 64 per cent from their March levels, zinc has gone up by 67 per cent, nickel by 59 per cent, aluminium by 29 per cent and lead by 24 per cent from their March levels, said Ajay Kedia, MD, Kedia Commodities.

"Stimulus packages announced in major economies, the restriction on production in China ahead of the winter due to environmental concerns and weakness in dollar are some of the key factors

supporting base metals. Further, zinc has low levels of inventory, nickel prices are supported by steel demand, lead by recovery in the automobile sector and aluminium by demand from the packaging industry," he said.

While the raw material price is hurting the manufacturers, the recent jump in freight charges on imported goods due to limited availability of containers has worsened the situation. "The price of hot rolled coil, an essential raw material for the engineering industry, has increased from Rs 35,000 a tonne to Rs 42,000 a tonne in the past six months," says the Engineering Export Promotion Council of India.

"Zinc prices too have shot up from Rs 170 a kg to Rs 220 per kg and freight charges have almost doubled," said EEPC India

chairman Mahesh Desai. "Prices of other essential metals have also been rising disproportionately to the end-product prices... Engineering exporters face severe headwind and this is impacting their exports. Exporters also face scarcity of steel," he said.

The Society of Indian Automobile Manufacturers Association said, "The increasing steel prices, used extensively in manufacturing of vehicles, puts pressure on the cost of vehicles. This, coupled with the rising international freight charges, could impact the competitiveness of Indian manufacturers."

The exporters want the Centre to intervene and provide the large steel makers to keep prices in check.

The real estate sector is also concerned about the rising steel prices.

## 'Rising steel prices hit engineering exports'

**OUR BUREAU**

New Delhi, November 18

The Engineering Export Promotion Council (EEPC) of India has raised concerns about a recent sharp rise in steel prices.

According to the council, this rise impacts India's engineering exports that are facing challenging global markets in the face of another wave of Covid-19 pandemic in several major economies.

"Engineering exporters are deeply concerned over rising steel prices. The prices have increased from ₹35,000 per tonne to ₹42,000 in the past six months for a product like Hot Rolled Coil, an essential raw material for the engineering industry," said Chairman of EEPC India, Mahesh Desai.

Desai said that prices of other essential metals have also been rising dispropor-

tionate to the end-product prices that can be realised in the international markets, becoming more and more tough. This is because major markets of Europe are weathering a second wave of coronavirus while the US is reeling from the deadly impact of the pandemic.

He appealed to the Centre to impress upon the large steel manufacturers to keep prices in check.

"We urge the government to take up these issues to stabilise raw material prices as our member-exporters are facing deleterious impact," he said.

According to EEPC, India's engineering exports have declined by 14 per cent from \$44.43 billion during April-October 2019-20 to \$38.14 billion in the same period of the current financial year.

## India net exporter of agri equipment to some countries: EEPC

India has emerged as a net exporter of agri-machinery to some of the advanced countries like the US, the UK, Germany and Italy, an engineering export body said on Monday.

Engineering Export Promotion Council (EEPC) India vice chairman Arun Garodia said in a statement, tractors are the largest component of the agri-machinery exports from the country, accounting for 66 per cent of the shipments. **PTI**

1.68M Views  
Nov 2 | 10:08 AM IST

India net exporter of agri-machinery equipment to some advanced countries: EEPC

India exported USD 762.80 million worth of agri machinery to the UK, North America, Eastern Europe, EU, Africa, ASEAN and SAARC during 2019-20, accounting for 75.41 per cent of such exports, the statement said.

The screenshot shows the Facebook event page for 'MEDICAL DEVICES EXPO 2021' held from 25-31 March 2021. The event is categorized as 'ONLINE EXHIBITION' and is open to the public. The page features a red header with the event title and dates. Below the header, there are sections for 'Details' and 'Insights'. The 'Insights' section shows that the event has reached 3,345 people and received 39 responses over the last 7 days (3:00 - 10:00 AM). The 'Details' section lists the event as free, organized by EEPC INDIA, and provides a link to the registration page.

## IMPLEMENTING GOVERNMENT INITIATIVES

---

### Combatting COVID 19

#### Government of West Bengal appointed EEPC India to adopt Hazra Market in Kolkata for a month

EEPC India distributed Hand Sanitizer- 10 bottles, 500 ml each; 250 Masks; 100 pcs of Gloves and one Digital Scanner Thermometer in presence of Mr Sobhandeb Chattopadhyay, Hon'ble Minister of Power & Non-Conventional Energy Sources, Government of West Bengal.

*Mr Sobhandeb Chattopadhyay , Hon'ble Minister of Power & Non-Conventional Energy Sources, Government of West Bengal speaking to media . EEPC India Chairman, Mr Ravi Sehgal ( to the left of the Minister); EEPC India Senior Joint Director, Mr D J Basu (far left) and Mr Krishno Ganguly, Sr Assistant, EEPC India at Hazra Market during handing over sanitization monitoring devices*

*Random checking of temperature of visitors at the entry point of Hazra Market*

*EEPC India Chairman, Mr Ravi Sehgal handing over sanitizers, gloves and masks to Hazra Boys' Association representative*

## Swachhata Pakhwada 2020 (1-15 November, 2020)

EEPC India observed the 15 days over 1st -15th November as Swachhata Pakhawada , a Government of India initiative through the following actions. Curbing Single Use Plastic (SUP) and Plastic Waste Management were highlighted along with integrating COVID -19 centric cleanliness and sanitisation drive

### The Key actions:

1. Visual awareness for employees and others by preparing and placing suitable Standees in Office.
2. Deep Cleaning of our offices and arrangement of files to maintain tidiness in our Offices
3. Spreading awareness by distribution of Caps and Tee Shirts amongst employees.
4. Social Media campaign on reduction of usage of SUP ( Single use plastic) for office work
5. Integrating the cleanliness drive with the COVID -19 sanitisation drive
6. Plastic waste management is also highlighted in the campaign

## Activities of EEPC India – 10 Units

### I. Visual awareness for employees and others by preparing and placing suitable Standees in Office.

## II. Deep Cleaning of our offices and arrangement of files to maintain tidiness in our Offices

All Offices participated in this exercise through weeding away the unnecessary items.

Head Office

A Backdrop advocating Cleanliness, Swachhata Pakhwada and Curbing Single use Plastic was done and mounted in the office premises.

EEPC India had been submitting progress report during 1-15 November in the designated website - <https://swachhbharatmission.gov.in/SwachhSamiksha/Auth/ProgressDetail.aspx>

EEPC India has been practising hygiene and sanitisation of the office premises on a regular weekly basis since the announcement of the Lockdown Phase 1 in March 2020 and plan to continue this in future for sometime . We use full PPE and sanitisation kit as recommended by the Government of India to sanitise every corner of the office premises.

Few of the photographs captured during the exercise manifest our sincere effort to curb the spread of this disease

## POLICY MATTERS

---

The rapid spread of COVID-19 across the globe and the subsequent imposition of lockdowns by several countries including India had a severe impact on merchandise as well as engineering exports. While the previous year has been disastrous for the global economy reeling under the COVID 19 pandemic, quarter 4 of 2020-21, has recorded some recovery and the decline was reduced by around 9% as per the UNCTAD Global Trade Update of February, 2021. However the recovery has not been even and South-South trade still remain below average. Therefore while global trade is showing some signs of recovery, we need to take a cautious approach. In this respect we are also grateful to the government for providing us support in this difficult time.

### **A. Impact of Coronavirus**

#### **1. Facilitating transportation**

The major issue that the exporters faced during the lockdown was the closure of all transportation and allied port services and their export offices and manufacturing facilities. Consequently several exporters faced problems in fulfilling their existing orders as they could not transport their final products or raw materials to and from the port. EEPC India raised this issue in March with the government upon which the Ministry of Home Affairs in their order dated 15.04.2020 lifted restrictions on movement, loading/unloading of goods and cargo, both inter and intra state. These included operations of railways, airports and sea ports, Land ports and inland container depots for cargo transport.

Another issue raised by the Council was the shutdown of operations of courier companies which hampered the transportation of key export documents. These restrictions were also lifted in the same order.

#### **2. Operationalisation of export offices and manufacturing units**

The issue of operationalisation of key export offices, CHA offices and manufacturing units was also raised by the Council in the representation. Consequently the MHA in their order dated 15th April lifted restrictions on the operations of export units located in SEZs, EOUs and other industrial areas albeit with restrictions.

#### **3. Extension of Exemption of 5% GST on Export Freight**

As per the Notification No. 21/2019-Central Tax (Rate) of September, a 5% exemption on GST on services by way of transportation of goods by an aircraft/ vessel from customs station of clearance in India to a place outside India was extended to September 2020. Earlier it was exempted only up to September 30, 2019.

EEPC India had further requested to extend this exemption of 5% GST on export freight for another year, till September 30, 2021 at least, so that exporters were not further burdened with the increasing freight that they have to pay on account of the acute shortage of Shipping containers.

## **B. Union Budget 2021-22**

The Union budget was announced on 1st February, 2021. It is heartening to mention that many of EEPC India's suggestions had been included. Some of the major changes with respect to engineering were:

- a. In case of steel products melting scrap including stainless steel scrap BCD reduced from 2.5% to nil
- b. BCD on steel products like semis, flat and long products of non-alloy, alloy and stainless steel reduced to 7.5% for 10/12.5%
- c. Raw materials used in the manufacture of CRGO steel BCD reduced from 2.5% to nil
- d. Copper scrap BCD from 5% to 2.5%
- e. Revocation/temporary revocation and discontinuance of AD and CVD on HRC, flat products of stainless steel. CRC of SS,
- f. In capital goods and machinery, BCD has been raised for tunnel boring machines from zero to 7.5% and parts and components of such machines from nil to 2.5%
- g. In case of certain auto products duties raised from 7.5%/10% to 15%
- h. For screws and nuts, BCD increased from 10% to 15%
- i. Compressors BCD increased from 12.5% to 15%
- j. Insulated cables and wires BCD increased from 7.5% to 10%
- k. Solar inverters from 5% to 20%
- l. Solar lanterns or solar lamps from 5% to 15%

Other schemes that may impact the engineering value chain are —

- m. Voluntary Vehicle Scrappage Policy Scheme: Under the Scheme, personal and commercial vehicles will have to undergo fitness tests after 20 years and 15 years respectively to pave the way for phase out of old and polluting vehicles. This will boost the sales of the automobile industry.
- n. Interest Equalization Scheme for Labour intensive and MSME Sector: Allocation of Rs 1900 crore (which is less than the BE of 2021). This will help in the lowering Rupee Export Credit for Exporters.

## **C. FTP related**

### **• RODTEP**

Following the withdrawal of MEIS, the RODTEP scheme was implemented on January 1st, 2021. While the final rates are yet to be announced by the Committee under the chairmanship of Dr. G K Pillai, the government decided on a crediting a provisional rate of 0.5%. While EEPC welcomed the implementation of the scheme, it also raised the following points – for engineering product the minimum RODTEP rate should be 2%. EEPC also suggested that for continuity of Scheme of Supply of steel at Export parity price, exports against ARO should be eligible for RODTEP as it is indigenously produced Raw material and has elements of Duties and Taxes which are refunded through RODTEP. Further, EEPC India also requested to use the benefit of RODTEP for payment of IGST apart from only Import duty.

- **Inclusion of SEZ and EOU under the RoDTEP Scheme (Remission of Duties or Taxes on Export Products) to entail cost-competitiveness for Indian exports**

EEPC India whole heartedly welcomed the Finance Ministry's announcement for implementation of RoDTEP Scheme and extending benefit to all export goods w.e.f. 1st January, 2021. However, there was an uncertainty arising for SEZs and EOUs that exports from these units will not be eligible to avail the benefit of RoDTEP Scheme. The current modifications made in the online mechanism for accepting and processing RoDTEP claims provides no provision for SEZs and EOUs for availing the benefit of the RoDTEP Scheme and not able to file for claiming RoDTEP in the shipping bill or bill of export. EEPC India requested the government for inclusion of SEZs and EOUs under the RoDTEP Scheme, and extending the RoDTEP rates to the exports made from these units as are applicable for domestic units.

- **EPCG and Advance Authorisation**

With respect to EPCG and Advance Authorization cases, there should be a settlement scheme like the Sabka Vikas scheme for Excise and Service Tax. In the case EPCG and Advance Authorization, the Settlement scheme should allow only the waiver of interest and penalty while the exporter would fulfil the entire duty liability

- **Interest Equalization**

As the Union Budget 2021-22 has provided for Rs.1900 crores, EEPC India requested the government to extend the interest equalization with effect from April 01, 2021 at the earliest

- **MEIS**

The MEIS benefit of over Rs.35000 crores for 2019-20 and April-December 2020 should be kindly released at the earliest. Further the government also should provide some clarity as to whether the RODTEP rates once announced will be applicable on the exports made between January 2020 and March 2020.

- **Request for Export credit at Repo Rate plus 2.2 percent**

On 26th May 2020, under the Chairmanship of the Honourable CIM a VC meeting was held as a follow-up action of the ROD. EEPC India raised the following issues in the meeting.

- (i) The Nirvik Scheme has been notified. The need now is for the RBI to issue a Circular to the Banks for providing for the Repo Rate plus 2.2 percent for pre— & post shipment interest charges.
- (ii) Waiver of Penal Interest rates being charged by the Banks for delayed receipt of the overseas payments during this Covid period.
- (iii) Problems of Risky Exporters & delays in Drawback/ IGST Refunds (not strictly a banking issue but pertains to the Finance Ministry).

#### **D. Steel at export parity price**

EEPC India welcomed the Steel at Export Parity Price scheme. It was also suggested that the steel companies who supply steel at the Export Parity Price should be given all the benefits under the Export Parity Price scheme as they get for physical exports. Further, the DGFT should provide the Export Parity Price based on DGC&IS FOB data for all the four products (HRC/ CRC/Wire Rods/Bars) at present. In addition, all major steel producers should be included in the Export Parity Price scheme as currently only 6 (six) primary steel producers are under the scheme. It was also suggested that apart from the four above mentioned products other steel products like billets which are used by the MSME sector should be covered under the Export Parity Scheme.

**E. Coal Import Monitoring Scheme**

DGFT via Notification No 49/2015-2020 dated 22nd December 2020 intimated the implementation of Coal Import Monitoring Scheme for February 1st, 2021. The notification further mentioned that the facility for online registration for the same would start from December 31st, 2020. However, EEPC India has received member feedback that the registration facility has not been activated. Furthermore the members have also requested shortening of the registration time to 5 days. EEPC India had conveyed the same to the Government.

**F. Enhancing Exports of Automobiles from India**

EEPC India had provided its recommendations to the ministry on enhancing exports of automobiles from India. EEPC had suggested several countries and regions with untapped potential for Indian automobile where exports can be increased substantially through negotiation of FTAs or PTAs.

**G. Certificate of Origin**

The DGFT launched a common digital platform for issuing non preferential certificate of origin (CoO). According to a recent Trade Notice No 42/2020-21 dated 19th February 2021, DGFT would issue online CoOs w.e.f 01/04/2021 as per the provisions of para 2.108 of Handbook and Procedure.

**H. EU Safeguard on certain Cast Iron Articles**

The European Union (EU) introduced steel safeguard measures on 26 product categories in July 2018 for a period of three years after the U.S. imposed similar tariffs based on national security in March 2018. The safeguard measures were set to expire in June 2021. On January 15, 2021, the European Commission (Commission) received a request by 12 Member States to examine whether the current safeguard measures should be extended. On February 25, 2021, the Commission found the request contains evidence suggesting that the safeguard measures continue to be necessary and constitutes sufficient basis to initiate an investigation. However, from the trade figures it is evident that the EU is no longer incurring serious injury (if it ever did since the original investigation, quod non) and Union Producers are no longer adjusting to third-country steel imports. Additionally the prolongation of the measure should be limited to the minimum possible duration under the EU Safeguard Regulation and by duly justifying the time required for the (wrongly) alleged ongoing adjustment of the Union industry.

Accordingly exporting members of EEPC has requested the government to take up matters with the commission. It is suggested that Indian exports (especially SS Bar & SS Wire rods) should not have been included in the safeguard measures imposed, or at least, that the quantitative duty-free quotas should be considerably larger in view of the Union's increased consumption and upward pressure on prices, a consequence of increased demand and shortage of supply.

**I. EU AD investigation on certain Cast Iron Articles exported from India**

The European Commission received a petition for initiating anti-dumping investigation on certain cast iron articles exported from India. EEPC India had discussed with the concerned members and took the issue forward.

**J. Argentina's AD investigation on Ball Bearings exported from India**

We were intimated by one of our member exporters that Argentina has declared an AD investigation over Indian "Ball bearings, radial, single row ball, with an outer diameter greater than or equal to 30 mm but less than or equal to 120 mm, and of more than 0.025 kg / unit, except: types such as RST and extended inner ring. EEPC India had intimated its concerned members.

**K. Listing of Indian Products under the Child Labour and Forced Labour by U.S. Dept of Labour**

A meeting between officials of EOI, Washington D C and Bureau of International labor Affairs, U.S. Dept, of Labor's was held on 31st July, 2020 in Washington D C USA. The US side while reiterating the set process for removing any item from the list, agreed that products having dated references or less than 10 references such as Locks could be worked up to lead to their removal from the list.

In this regard, the US DoL officials agreed for holding virtual meetings with relevant stakeholders in India. The US side would be providing a tentative list of the stakeholders that they would like to meet during these virtual meeting. EEPC India had examined the issue in consultation with the industry to prepare for the proposed meetings with their relevant documents.

**L. Risky Exporter alert**

Some of the leading member exporters engaged in the manufacturing of engineering goods had been under immense financial crunch in respect of pending refunds (Duty drawback & IGST) on account of being classified as risky exporters from the past more than a year making it difficult for them to sustain their businesses. EEPC India had taken up the issue with DOC several times to help its members.

## SESSIONS BY REGIONAL / SUB- REGIONAL OFFICES

(Inclusive of the e-sessions mentioned earlier)

Few physical meetings were done during the fiscal 2020-21 and those are all present in the tables below.

### **Details of Seminars / Meetings / Conferences /Technology Meet / Capacity Building for Upgradation of Quality – during the year 2020-21**

Name of the Office	Event Details	Date	Venue
Western Region	Webinar on Improving Flexibility of Equipment's, Man Power, Space, Communication, Inventory Management	8-Jun-20	Online

# INDEPENDENT AUDITORS' REPORT & ACCOUNTS

---

## **Opinion**

We have audited the accompanying financial statements of EEPC INDIA (Company Limited by Guarantee) ("the Council") which comprise the Balance Sheet as at March 31, 2021, the Statement of Income & Expenditure and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Council as at March 31, 2021, its surplus and Cash Flows for the year ended on that date.

## **Basis for Opinion**

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the council in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Council as it is an unlisted company.

## **Information other than the financial statements and Auditors' Report thereon**

The Council's Working Committee is responsible for the preparation of the other information. The other information comprises the information included in the Report of the Working Committee including Annexures to the Working Committee's Report but does not include the financial statements and our Auditors' Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially mis-stated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and those charged with Governance for the Financial Statements**

The Council's Working Committee is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Council in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Council and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Council or to cease operations, or has no realistic alternative but to do so.

The Council's Working Committee is also responsible for overseeing the Council's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Council has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditors' Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditors' Report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### Report on Other Legal and Regulatory Requirements

1. This report does not include a statement on the matters specified in paragraph 3 and 4 of the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, since in our opinion and according to the information and explanation given to us, the said order is not applicable to the Council, which is a Company licensed to operate under section 25 of the Companies Act, 1956.
2. As required by section 143 (3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Council so far as appears from our examination of those books;
  - c) The Balance Sheet, the Statement of Income and Expenditure and the Cash Flow statement dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
  - e) As reported to us, we report that none of the members of the Working Committee is disqualified as on 31st March, 2021 from being appointed as a member of the Working Committee in terms of section 164(2) of the Companies Act, 2013;
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Council and the operating effectiveness of such controls, refer to our separate report in **Annexure - A**; and
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit & Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i) The Council does not have any pending litigations which would impact its financial position.
    - ii) The Council did not have any such long-term contracts including derivatives contracts for which there were any material foreseeable losses.
    - iii) There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Council.

## **ANNEXURE-A TO THE AUDITORS' REPORT**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of EEPC INDIA (Company Limited by Guarantee) (“the Council”) as of 31st March, 2021 in conjunction with our audit of the financial statements of the Council for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Council's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Council considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Council's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Council's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Council's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Council's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Council's internal financial control over financial reporting includes those policies and procedures that –

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Council;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Council are being made only in accordance with authorisations of management and Working Committee of the Council; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Council's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Council has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the internal control over financial reporting criteria established by the Council considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **NOTES ANNEXED TO AND FORMING PART OF THE BALANCE SHEET AS AT 31ST MARCH, 2021 AND STATEMENT OF INCOME & EXPENDITURE FOR THE YEAR ENDED ON THAT DATE.**

### **NOTE-1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- 1.1. Expenses/Income, especially those relating to specific projects, are accounted for in the year for which budget approval has been granted and not necessarily in the year of incurrence of expenditure. Any payment/receipt on that account is kept under advances/liabilities till the year of budget approval.
- 1.2. Expenditure related to various Code and other specific activities are booked under those functional heads to conform to the budgets approved by the Government of India. As such, expenses shown under various natural heads are not necessarily the total expenditure incurred under these particular heads.
- 1.3. The subscription income from members is not taken into account unless received except in cases where the GST invoice was raised for such subscription.
- 1.4. Items of printing and stationery are charged to Statement of Income & Expenditure of the year in which the same are purchased.
- 1.5. Pursuant to the policy adopted by the management in 1982-83, the expenditure on Publication is directly charged to Income & Expenditure account and no stock of publications at the end of the year is accounted for, as these are considered purely export promotional literature
- 1.6. The interest received/accrued on the earmarked fixed deposits of Export Development Fund with banks has been directly credited to the Export Development Fund.
- 1.7. Provision for Gratuity & Leave Encashment is based on actuarial valuation on the present value of future liability which includes Rs.59,14,213/- being interest on earmarked investments of Gratuity & Leave Encashment fund directly credited to the Provision for Gratuity & Leave Encashment Account.
- 1.8. Till 31.03.2014, the depreciation was being provided under the W.D.V. method at the rates prescribed under schedule XIV of the Companies Act, 1956. From the financial year 2014-15 the depreciation is being provided on the basis of the useful lives of the fixed assets prescribed under Schedule-II of the Companies Act, 2013.
- 1.9. Foreign Currency Transaction:  
Transactions through the foreign currency bank accounts maintained by the Council have been transacted at the standard fixed rates adopted for the year and not at the actual rate prevailing on the date of transaction. The other transactions in foreign currency have been accounted for at the actual rates prevailing on the date of transaction.

**NOTE-3: OTHER EXPLANATORY INFORMATION**

- 3.1. Every member of the Council other than the Officials of Government undertakes to contribute to the assets of the Council in the event of the same being wound up during the time that he was a member or within one year afterwards, for payment of the debts and liabilities of the Council contracted prior to the date on which he ceases to be a member and the costs, charges and expenses of winding up the same and the adjustment of the right of the contributories among themselves, such amount as may be required not exceeding Rs.1,000/- in the case of Ordinary Members and Rs.50/- in the case of Associate Members.
- 3.2. A sum of Rs. 55,88,310/- has been transferred during the year from the Building Fund Account to the Statement of Income & Expenditure. This Building Fund was created out of the Income of the Council in past years for the purposes of acquiring premises at different places in India for carrying out its export promotional activities. Out of this fund, the aforesaid sum of Rs.55,88,310/- had remained unutilized at the end of the current financial year. Since there is no plan as of now to acquire any new premises, it was decided to transfer this unutilized portion of Building Fund at the year-end to the Statement of Income & Expenditure, as the same was no longer required.
- 3.3. Secured Loans to employees for house building and purchase of vehicles include cases where mortgage/lien could not be created on the year end.
- 3.4. The Council is separately maintaining bank accounts (including deposit accounts) in connection with EEPC Pension Fund, International Price Reimbursement Scheme etc. as a custodian only, which are not forming part of the Council's accounts.
- 3.5.
  - a) The Council is maintaining a Joint Bank Account for making joint payments on behalf of itself and other occupants in relation to the office space acquired in the International Trade Facilitation Centre at Kolkata. As the Council is only acting as a custodian of this bank account, the same does not form part of its accounts.
  - b) The said bank account was opened for the convenience of these occupants in making those payments which are common in nature, such as, premises maintenance expenses, security services, electricity, water supply, lift maintenance etc. The funds required for such expenses are contributed by all these occupants on a mutually agreed basis.
- 3.6. No provision for Income Tax has been made in the accounts as the Council does not expect any liability on this account.
- 3.7. Contribution from participating members as shown in Note 2.12 includes amounts towards exhibitions, publicity, conferences etc.
- 3.8. In the absence of confirmation from the parties, various accounts like Loans & Advances, Deposits, Sundry Creditors etc. remain unconfirmed.
- 3.9. The novel coronavirus (COVID-19) had a very adverse impact on the activities of the Council, which majorly fell under the non-essential category and, thus, were subject to various pandemic related restrictions imposed by the Government. Due to such restrictions, the Council had to carry out most of its export promotional activities during the year in the virtual mode. This had a significant impact on the income of the Council, which is mainly in the form of Grant-in-Aid from the Government of India and contributions from the participating members. Since the situation did not appear to improve in the near future, the Council had to come out with a Voluntary Retirement Scheme for its employees with a view to reduce its substantial recurring cost on account of employee benefits expense. The Council will continue to closely monitor the future impact of this pandemic on its activities and shall take appropriate remedial measures, as and when considered necessary.

**NOTE-3: OTHER EXPLANATORY INFORMATION** (Contd.)

3.10. The benefit of the Voluntary Retirement Scheme (VRS) for Employees is not for just one year, i.e., the current year, but is also in the future years in the form of reduction in recurring cost on account of employee benefits expense. The provisions contained in the Income-tax Act also provides for amortization of the expenditure incurred under the Voluntary Retirement Scheme over a period of five years, apparently for this reason. Therefore, the Council has also decided to amortise its VRS expenditure over a period of five years. Accordingly, the un-amortised portion of VRS expenditure has been treated as asset in the Balance Sheet.

3.11 Previous year's figures have been regrouped/rearranged and nomenclature changed to make them comparable, as far as practicable, with those of current year.

3.12	Earnings in Foreign Exchange :	2020 – 2021  (In ₹)
	(i) Participation ch. for events	0  (11749925)
3.13.	Expenditure in Foreign Currency :	
	(i) Exhibitions, Buyer-Seller Meets	30,12,568 (15243689)
	(ii) Others	0  (13067373)

\* Notes: Figures in brackets are for previous year.
