INVEST EXPO 2024

Invest expo is an international exhibition dedicated to real estate investment, bringing together specialists in various fields over four days and offering several business and investment opportunities in a variety of sectors. We are pleased to confirm the success of our exhibitions, and we hope to continue our exhibition series in the future. Our exhibition is a key event for generating investment prospects and developing effective collaborations.

We anticipate fresh triumphs and productive encounters during the next exhibitions, building on the success of past years' exhibitions, where more than %80 of exhibitors met their sales targets for products and homes. Our company will host INVEST Expo 2024 in a more modern and effective manner, beginning October 22 to October 25 in Kurdistan, Erbil, in Erbil International Fair Ground in Sami Abdul Rahman Park.

THE IMPORTANCE OF PARTICIPATING IN THE EXHIBITION :

- ✓ Position your company as a leader in its field.
- ✓ Display your projects and services in front of thousands of visitors.
- ✓ Manage sales and expand your business contacts.
- ✓ Meet with partners and spark profitable new relationships.
- ✓ Take advantage of imposing large investments in Kurdistan.
- ✓ Immediately sign trade and distribution agreements.

KURDISTAN MARKET

Iraq and the Kurdistan Region are approaching a critical period of economic recovery. One of the most major areas impacted is home investment. Establishing a huge international exposition with participation from large foreign and local enterprises, decision-makers, and prominent individuals in this field will help to further development and revival, particularly at this moment.
